Professor Samuel C.C. Ting
Massachusetts Institute of Technology
51 Vassar Street
Cambridge, MA 02139-4307

Dear Prof. Ting:

We have been made aware of an issue that we believe could adversely affect the AMS integration schedule. It is our understanding that ETH had a contract with Lockheed Martin to provide support for the AMS UPS and Dump Diodes. ETH has not implemented a contract with Jacobs Sverdrup since the transition in February.

Please advise on your remedy for this situation.

Cordially,

A handwritten signature in black ink, appearing to read "S.V. Porter".

Stephen V. Porter
AMS Project Manager
