We are so far past the lack of data and you have kept us informed.

Timing for this letter is perfect.

I saw your 5-inches needed for a shield. We can live with it. I understand that 5-inches of MLI shield causes loss of science? I certainly hope not, that loss would be unacceptable in my eyes, but....

Keep me up-to-date with the goings on please.

Thanks and close that action.

Michael,  
Can we close this Delta Compatibility Review Item? We think that it has be overcome by events.

Trent
