SUBJECT: Authorization for Controlled Storage of AMS GSE in JSC Bldg. 50

The Engineering Directorate (EA) is requesting the use of JSC Bldg. 50 as a temporary controlled storage facility for Alpha Magnetic Spectrometer (AMS) ground support equipment (GSE) Lifting Fixture. The AMS Project is accepting GSE hardware from the support contractor, Lockheed Martin (LM) via a DD Form 250. The GSE is currently stored in Bldg. 50. The GSE Lifting Fixture will be tested and then shipped to a LM subcontractor for the handling of AMS flight hardware. The following Lockheed Martin personnel are authorized to place materials into and/or withdraw out of the Bldg. 50 storage facility:

Mike Fohey	281-333-6115
Ross Harold	281-333-6134
Stephanie Hicks	281-333-6118
Trent Martin	281-333-6114
Phil Mott	281-333-6451
Paul Nemeth	281-333-6116
J. D. Roberts	281-333-6819
Dan Rybicki	281-244-5181
Chris Tutt	281-333-7634
