Reply to Attn of: EA-05-038

TO: ASI/S. Pignataro  
FROM: EA/T. Martin  
SUBJECT: Launch Vehicle Summary Requirements

Mr. Pignataro, at the AMS Crew Operations Post (ACOP) Common Design Preliminary Design Review, Jacobs Sverdrup was tasked with developing a summary of all of the requirements for the multiple vehicles that could potentially carry ACOP to the ISS. The attached information provides you the results of this activity.

A handwritten signature in black ink, appearing to read "Trent D. Martin".

Trent D. Martin  
NASA AMS Deputy Project Manager
